RESPONSE TO PUBLICATIONCommissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Commissioner:

The published version (US 2005/0058600 A1, published on Mar 17, 2005) of this application contains a material printing error: the structure of DIM at paragraph (0008) and again in claim 7, is missing the nitrogen atom in the second indole of the figure. Please make sure this USPTO printing error is not repeated when this application issues.

We petition for and authorize charging our Deposit Account No.19-0750 all necessary extensions of time. The Commissioner is authorized to charge any fees for this communication to our Dep. Acct. No.19-0750 (B99-085-1).

Respectfully submitted,
